## EXCEEDING YOUR EXPECTATIONS...

Architecture speaks...It tells of attitudes, experiences and aspirations. When the words are just right, architecture becomes prose, a very personal and inspiring life statement. At FrontLine® Bldg. Products Inc., we see our specialty architectural window products as some of the words to this statement.

As a manufacturer, our philosophy is simple: FrontLine® Bldg. Products Inc. was founded on the understanding that common sense and progressive thinking are not contrary but complementary. For almost four decades, we've been manufacturing architectural window products, combining practical knowledge with state-of-the-art technology, and providing value to our customers along with the confidence that their ideas will be realized and their expectations met.

Enjoy FrontLine® Bldg. Products Inc.'s architectural window products catalog. As you pass through the pages, allow yourself to imagine...assured that we have the right "words" to give your statement clarity and character.

# GENERAL INFORMATION

## About our character...

FrontLine® Bldg. Products Inc. invests in technology. But we see it as a tool to improve service, not as a replacement for service. While technology is great for details, we understand that sometimes you need a technical bulletin and other times a personal letter. We still have someone to answer your phone call, someone to take a look at your order (just to be sure) and someone who cares manufacturing your unit.

## CUSTOMER SERVICE

FrontLine<sup>®</sup> Bldg. Products Inc. offers "in-house" engineering support (including CAD drawings with every window order), competitive lead times, and quote and order acknowledgments returned within 24 hours.

*"All fine architectural values are human values, else not valuable"*

**Frank Lloyd Wright,  
Architect**

## GENERAL INFORMATION

### Color, texture, tone...

Whether your preference is the lavish luxury of mahogany or the clean clear look of hard maple, our extensive library of wood species will provide a fashionable finale. Hand crafted pine, oak, maple, cherry, mahogany, douglas fir, alder, or walnut gives each room a distinct character, richness, warmth and quality.

# ARCHITECTURAL WINDOWS

## Windows tell stories...

They speak of taste and attitude. They also tell of desert heat and arctic cold, the high drama of a summer storm and the frigid force of a winter blizzard. Because our architectural products span such a wide range of form and function, we offer a variety of window configurations. Primed or natural wood exteriors provide versatility and warmth. For low maintenance, we offer extruded aluminum cladding and Cellular PVC exteriors. Interiors are available in Cellular PVC or in our wide range of natural wood. When combined with an expansive variety of high efficiency glass, you can be confident that your needs will be served. Our windows tell stories...with happy endings.

*"And a building must be like a human being. It must have a wholeness about it, something that is very important."*

## A natural expression...

It's not the easiest to work with or the least expensive, but the warmth, richness and individuality of real wood has value beyond the material. Both natural and pre-finished wood interior and exteriors in a variety of beautifully unique species will provide the superlatives that define your architectural statement.

## GLASS OPTIONS

**Glass uses light as a writer uses words...**

Bending, coloring, shaping, until it lies in pensive, glorious, obedience on floors and walls like poetry on a page. FrontLine® Bldg. Products Inc. offers decorative glass, grilles and simulated divided lites in a plethora of designs and a palette of colors. Imagine the ideal setting.

## DECORATIVE

Decorative glass is available in limitless options. Whether matching an existing design or creating a personal statement, we can provide an opening that goes beyond glass and light.

*"The longer I live the more beautiful life becomes. If you foolishly ignore beauty, you will soon find yourself without it. Your life will be impoverished. But if you invest in beauty, it will remain with you all the days of your life."*

**Frank Lloyd Wright, Architect**
