

# FRONTLINE<sup>®</sup> COMPOSITE TRANSOMS

FrontLine® Bldg. Products Inc. can help fill the holes in your product offering. Our flexible minimum/maximum manufacturing requirements allow us to produce composite transoms that others cannot or will not. FrontLine® has been behind the scenes providing manufacturing support and solutions to our partners in the fenestration industry since 1978. Our unparalleled craftsmanship and commitment to quality have been the cornerstone of what we do every day.
